## -Midwest Chapter-

Dear Midwest Chapter members and Mr. Mark Reynolds:

I have needed to write this letter for over a year, but didn't want to. I must inform you that I can no longer devote the time and effort to sustain the chapter. Larry and I purchased the vacant Booker Furniture building in Mechanicsville, Illinois, on October 14th, 2011. We worked together to renovate the 45 foot by 85 foot building which has a 12 foot ceiling. The storage area in the back is for nothing on wheels. The front is a nice second hand store. I continue to work part time cleaning homes. Additionally, I attend auctions, clean, sort and price merchandise. Naturally I am the chief household help at home. Larry works at our business six days a week and I want to down size and move to Mechanicsburg. As soon as we locate a suitable home to purchase our present home will be for sale. There is room, under roof to park 8-10 vehicles. More if they aren't the size of Galaxies! Thank you for many years of trust and confidence in me. The car club treasury will be donated to charities. Please send me your suggestions and the information I need. I will choose several to send \$200-\$250 each. It's been a great ride and Larry and I cherish the friends we've made.

Sincerely,

*Beverly Wake*

*(We will hate to see the Midwest Chapter close down, but we understand as it takes lots of time and effort to keep a chapter going. Special thanks for all the years that Beverly and Larry kept things going there. Mark)*

## **-Atlanta Galaxies Chapter-**

Winter season for Atlanta Galaxies has been mild but not mild enough or consistent enough for the members to hold any events. Best we could do is a breakfast meeting or two with a few of us driving our Galaxies. We have been invited to attend a show in Pensacola that is primarily for Falcons but which also includes other brands. While we are considering a few destination cruises this year, our only firm plans remain our regional meet in October in Dawsonville, Georgia, that will be held in conjunction with the Moonshine festival. Unfortunately, this will be occurring at the same time as the National meet is being held in Branson. Considering the price of gas, the less than generous mileage of our Galaxies and our fear of getting too far from our stock of spare repair parts, we don't think the events being held at the same time will hurt attendance at either meet. For now, we will continue to rebuild carbs, do tune-ups and detailing in preparation for a new year of driving our favorite cars.

Info on registration will be in later issues thanks to our man Mark and our website: [atlantagalaxies.org](http://atlantagalaxies.org)

## **For Chapter Members:**

Please understand that to be a chapter member you MUST maintain your national membership. We promote the chapters and events and the chapter supports the national by making sure that all members are members in good standing in the national club.

To start a chapter you need 15 members in any given location to be willing to get together to form a chapter. Remember, we are a club with chapters, not a bunch of little clubs. We suggest having members show their current membership cards at any event that the chapter hosts. If you are a chapter member be sure to let us know so we can get a card to you. If you plan on joining a chapter please let us know also.

**Chapter Directors, Please Note:**

**News needs to be in by January 1st, March 1st, May 1st, July 1st, September 1st and November 1st.**
